Notes to Editors

Zytronic is the developer and manufacturer of a unique range of internationally award-winning and patented touch sensor products, operating from three modern factories totalling 80,000ft² near Newcastle-upon-Tyne in the United Kingdom.

Zytronic touch products employ an embedded sensing solution and are readily configurable to enable multi-user and multi-touch touch sensing sizes from five inches to ultra-large 85", making them an ideal solution for system designers' specific requirements, offering significant durability, environmental stability and

optical enhancement benefits to touch interactivity for industrial, self-service and public access equipment.
