Notes to Editors

Zytronic is the developer and manufacturer of a unique range of internationally award-winning and patented touch sensor products, operating from three modern factories totalling 80,000ft² near Newcastle-upon-Tyne in the United Kingdom.

Zytronic touch products employ an embedded sensing solution and are readily configurable to enable multi-user and multi-touch touch sensing sizes from five inches to ultra-large 85", making them an ideal solution for system designers' specific requirements, offering significant durability, environmental stability and optical enhancement benefits to touch interactivity for industrial, self-service and public access equipment.

Further information for investors can be found on the Company's corporate website, www.zytronicplc.com, and additional information on the Company's technology and products is available at www.zytronic.co.uk.
